DEEP DIVE TOPIC

Today's businesses are under the spotlight and are increasingly required to have a position and strategy on sustainability. What are your sustainability goals? How are you integrating it into your business? Are you calculating with it in your finances in the long term?

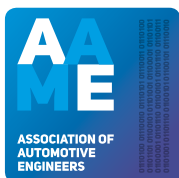

Your task is to include the above topic into your presentation in minimum 1.5 minutes.

Keep in mind

- think broadly, there is no best answer
- do not forget to draw a conclusion,
- minimum 1.5 minutes,
- be prepared for possible questions from the judges on the deep dive part too
