## A1. INTRODUCTION

Formula Student East® (hereafter “FS East®”) is a FSAE style Formula Student engineering competition held in Hungary, organised by the Association of Automotive Engineers (formerly Engineers for the Automotive Higher Education Association) since 2016. Formula Student East will allow to participate vehicles with conventional internal combustion engine (gasoline or E85 fuelled) and electric powertrain.

Furthermore Formula Student East welcome the participation of driverless vehicles (both with internal combustion or electric powertrain).

**The three categories will be evaluated separately:**

- Internal Combustion Vehicles (hereafter CV)
- Electric Vehicles (hereafter EV)
- Driverless Vehicles (hereafter DV)

This document contains the FS East Documentation rules.

These specific rules are additions to the Formula Student Rules 2019 document (hereafter “Rules 2019”) published by [Formula Student Germany](#). In case of a conflict between the Rules 2019 and the 2019 FS East rules, the 2019 FS East rules supersede the Rules 2019.
