

WE'LL BE BACK.

OFFICIAL STATEMENT

DEAR TEAMS, DEAR STUDENTS,

thank you for your answers and inputs regarding the COVID-19 epidemic, and how it affects your team and your season.

Your answers proved once again the unity and strength of the Formula Student Community, which is extremely important in tough times like these, and it helped us a lot to make hard, but necessary decisions.

ACCORDING
TO OUR BOARD'S
UNANIMOUS
DECISION

**FORMULA
STUDENT
EAST 2020
IS CANCELLED.**

We really hope the pandemic situation will subside or even disappear until August, but the preparations shall happen right now, during the crisis. These activities have to be stopped immediately, and every student shall focus on their own - and their families' and friends' - health.

Even if you are able to access your workshop, we urge you not to do so! Building and racing a Formula Student racecar means a lot of sacrifices, but right now all your time and effort should be used to protect yourselves and those around you.

This is a whole new situation for us as well, and we were not prepared for it. A lot of questions can be and shall be raised. We are working to answer these questions in the following weeks.

There are ongoing investigations about the possibilities of going online with the event. We are dedicated to keep the spirit alive, and we are going to keep you updated.

Take care of yourselves and each other!
Stay home and stay safe!

Best Regards,
The FS East Board
