Autonomous Systems Responsible (ASR) Liability Statement

This Liability Statement is entered into and acknowledged by the undersigned Autonomous Systems Responsible (ASR), participating in the Formula Student competition. The ASR hereby acknowledges and accepts the following responsibilities and liabilities related to the autonomous systems of the team's vehicle:

1. Safety of the Autonomous Systems

- The ASR is solely responsible for ensuring the overall safety of the autonomous systems. This includes the design, implementation, maintenance, and monitoring of all autonomous components and software.
- The ASR shall conduct regular safety inspections and adhere to all relevant safety standards and regulations.

2. Operation of the Autonomous Systems

- The autonomous systems shall only be operated under the direct supervision of the ASR. The systems must not be activated or used without the explicit presence and allowance of the ASR.
- The ASR is responsible for training team members on the proper and safe operation of the autonomous systems.

3. Liability for Injury or Damage

- The ASR assumes full responsibility for any injury or damage caused by the autonomous systems. This includes, but is not limited to, personal injury, property damage, and any other consequential damages arising from the autonomous systems' operation or malfunction.
- The ASR shall implement and enforce safety protocols to mitigate the risk of injury or damage.

4. Compliance with Track Marshalls and Officials

- The ASR must follow all orders and instructions from Track Marshalls and Officials regarding the control of the vehicle. This is especially critical in the case of the Emergency Braking System (EBS), where immediate compliance is required to ensure safety.

By signing this statement, the ASR acknowledges the significant responsibility entrusted to them and agrees to uphold the highest standards of safety and diligence in fulfilling their duties.
